## Designed for Your Comfort

The patterns are as diverse as their inspirers from nature. But the standards for their applications remain the same: We aim to inspire you with our first class flexibility, quality and reliability.

### Certificated Safety

The special Yorfloor® collection for flooring and glass stair projects consists of 6 patterns in total. Each of these patterns was tested and certified by the leading European Work Safety institution "IFA" for their anti-slip degrees.

**Certificated R11 Anti-Slip Degree from  
IFA Institute (Germany)**
